

# Fabric & Leather Overview

Spring Summer 2026

FERM  
LIVING

# Made To Order & Customisation Concept

The Customisation Concept serves as an overview of the various textiles and types of leather available for Ferm Living's upholstered furniture. The materials have been handpicked so you can make our furniture your own.

## **One size doesn't fit all**

Our homes are distinct, personal spaces that uniquely reflect the people who live there. They say the magic happens in the details, and often, that's what makes us fall in love with a specific piece that we want to move into our home. That is precisely why we have introduced the Ferm Living customisation concept, so that you can tailor selected pieces to fit your specific taste.

With our Made to Order products, you can choose between a wide variety of fabrics and leathers that we have selected among leading textile and leather suppliers, making it possible for you to customise your furniture with an array of materials and colour combinations.

## **The perfect fit**

The majority of our sofas and seating collection are included in the customisation concept. Among them are Catena, Rico, Turn, Dase, Buur and family of Herman Chairs.

For our sofas, you can choose between an exciting variety of textiles that range from faded velvet, cottons, linens and wool, available in an array of colours and patterns from premium fabric and leather suppliers that include Kvadrat, Skandilock, Sørensen Leather and Gabriel.

For our Herman Chairs, there are a wide range of options available: customise everything from the frame to the colour of wooden backrest, and choose between various seat fabrics, woods and leathers to form your ideal chair.

To see a complete selection of our Made to Order materials, please refer to the Customisation Concept section of our Product Overview, where you can get an overview of all of the different customisation options that we offer.

We are also happy to upholster furniture using non-standard fabric options and customers' own materials (COM), subject to fabric approval and a minimum order quantity. For further information, please contact our Sales Representatives.

4

---

**Care instructions**  
Vacuum frequently with a soft brush.  
For stains use boiled water with natural soap. Whip 2-3 tablespoons of soap flakes in 1 litre water and only use the foam. Apply the foam with a soft cloth, let it dry and wipe off the leather thoroughly with a soft cotton cloth.
