

# DELTA PROUST SIDE TABLE

Design by Alessandro Mendini Cose for Normann Copenhagen

normann  
COPENHAGEN

## **A SCULPTURAL SIDE TABLE CELEBRATING COLOR, FORM & MATERIALITY**

Adorned in Alessandro Mendini's iconic Proust pattern, the Delta Proust Side Table is a bold expression of color, form, and materiality. The vibrant mosaic - developed with Elisa and Fulvia Mendini (Alessandro Mendini Archive) is a composition of seven colors interwoven with two shades of white, creating a pixelated effect in which no two pieces are the same, making each table a unique work of art.

Initially introduced in Mendini's revolutionary Poltrona di Proust, the pattern draws inspiration from the pointillist technique of artist Paul Signac, composed of countless small, hand-painted dots. With Delta Proust, this artistic language is translated into a sculptural object, its silhouette shifting in perception from every angle, evoking movement and spontaneity.

Beyond its visual impact, Delta Proust Side Table exemplifies the beauty of repurposed materials. Crafted from 100% recycled pigmented polyethylene (PELD) sourced from industrial packaging waste, it transforms post-industrial waste material into a design statement with a bold presence.

Durable and weather-resistant, the Delta Proust Side Table is designed for both indoor and outdoor use. A true fusion of art and circular thinking, it celebrates Mendini's unmistakable artistic vision while embracing the creative potential of recycled materials.

# CONNECTING PEOPLE AND SPACES

Since Normann Copenhagen's foundation in 1999, our ambition has been to challenge conventional thinking and make the ordinary extraordinary through great design.

By combining the craftsmanship, functionality and endurance characterized by our Danish design heritage with modern silhouettes and durable materials, we aim to create original products in a contemporary design that withstand the test of time. We believe in uniting people and spaces across the world and improving the quality of people's lives through the power of great design.

Our products combine functionality and design and accommodate the diversity of needs of modern life in residential and professional interiors alike.
