## A NEW DIMENSION OF ATMOSPHERIC LIGHT

The Phantom collection expands with two striking new additions: the Phantom Floor Lamp. Maintaining the voluminous expression of the original pendants, these additions are crafted from the same special semi-transparent resin material, creating a soft, iconic silhouette. Inspired by the outlines of archetypal chandeliers and columns, Phantom's layered construction achieves a dramatic yet ethereal presence.

### PHANTOM FLOOR LAMP

Standing tall with an architectural poise, the Phantom Floor Lamp brings a luminous statement to any space.

A key feature of the lamp is its integrated LED pipe, which extends from top to bottom, ensuring an even, ambient glow throughout the entire lamp. The lamp is equipped with a foot dimmer switch, allowing for easy light adjustment: a single press turns the lamp on or off, while a long press enables stepless dimming to set the perfect ambiance. The result is a warm and inviting illumination, ideal for creating a cozy atmosphere.

**PHANTOM TABLE LAMP**

A more compact counterpart, the Phantom Table Lamp offers the same layered, floating aesthetic in a versatile format. Designed for side tables, shelves, or bedside settings, it provides a warm and diffused illumination. Like the floor version, it features a dimmer switch, ensuring effortless customization of light intensity.

Beyond the new additions, Phantom is also available as a pendant in three distinct sizes and shapes.
