

Pine Table

Designed by Simon Legald for Normann Copenhagen

Introducing two new, colorful variants of the timeless Pine Table

The Pine Table is an homage to the beauty of the simplicity of natural pine wood. The Pine Table collection is simultaneously earthily Nordic and expressively avant-garde, and with the addition of two new, eye-catching variants of Light Green and Rose, the collection now also offers something for color enthusiasts or those looking to add a pop of color to their interior.

The choice of pinewood sets the tone for the design of the Pine Tables. The tables gain a pleasing organic quality from the wood's distinctive grain, and the overlooked wood species is given new life in a playful form. Designer Simon Legald explains:

“In furniture design Pine has been a forgotten wood variety for quite some time. That is a pity, because pine is certainly not without its qualities. For me, the wood's fiery growth rings and characteristic aroma represent Nordic soul and warmth. Not least, it makes a lot of sense to use a material that can be found locally in large quantities.”

With its voluminous octagonal foot, Pine can lend prominence and vigour to any room. Its weighty body is gently opposed by the tabletop's narrow, rounded edge frame, adding a visual lightness to the solid wooden design. The wood is presented in its natural form, or with a colored wood stain, which allows the grain to show through. All versions are finished with a protective matte varnish.

The Pine Table is available in two sizes that can be used individually as coffee or side tables, or together, as the smaller table can be pushed in under the larger one, creating a harmonious nest.

Connecting People and Spaces

Since Normann Copenhagen's foundation in 1999, our ambition has been to challenge conventional thinking and make the ordinary extraordinary through great design. By combining the craftsmanship, functionality and endurance characterized by our Danish design heritage with modern silhouettes and durable materials, we aim to create original products in a contemporary design that withstand the test of time. We believe in uniting people and spaces across the world and improving the quality of people's lives through the power of great design. Our products combine functionality and design and accommodate the diversity of needs of modern life in residential and professional interiors alike.
