Honest simplicity meets functional design

Crafted from full-length pine wood planks, as its name implies, Normann Copenhagen's new Plank Bookcase collection offers a simplistic storage solution with an honest and authentic expression. The storage collection features long, solid pine planks that accentuate the robustness, durability, and quality of the design. The utilitarian minimalism of Plank embraces a simple and uncomplicated design language, without the use of unnecessary details.

The Plank Bookcase collection consists of three variants, each serving as a versatile storage solution in different sizes. From the large bookcase to the long, low version that can also be used as a bench, these pieces exemplify the beauty and strength of the pine material. Over time, the durable and welcoming appeal of the pine wood will develop a stunning patina, further enhancing its natural charm. To protect the natural wood and preserve its beauty, each piece of the Plank Bookcase collection is lacquered with a clear, matte UV varnish that shields it from the sun's rays.

Plank Bookcase Low

Connecting People and Spaces

Since Normann Copenhagen's foundation in 1999, our ambition has been to challenge conventional thinking and make the ordinary extraordinary through great design. By combining the craftsmanship, functionality and endurance characterized by our Danish design heritage with modern silhouettes and durable materials, we aim to create original products in a contemporary design that withstand the test of time. We believe in uniting people and spaces across the world and improving the quality of people's lives through the power of great design. Our products combine functionality and design and accommodate the diversity of needs of modern life in residential and professional interiors alike.
