A welcoming and uncomplicated collection of benches

The Stretch collection is characterized by long, solid pine planks that emphasize the robustness, durability and quality of the design. The design is the epitome of utilitarian minimalism - no superfluous details are applied. Instead, Stretch possesses a simple, uncomplicated and welcoming design language. The collection consists of a stool of 40 cm, a bench of 160 cm and a longer bench of 200 cm. All three utilize full-length pine planks of a certain thickness, a choice that emphasizes the beauty and strength of the material. The durable, welcoming appeal of the pine wood will be further enhanced over time. Compared to other wood types, which are more homogeneous, pine acquires a stunning patina over time, designed to last a lifetime and to age beautifully.

Designer Simon Legald explains: "Solid pine has a strong durability and grows tall and fast compared to other wood types. This also means that you can get very long and straight planks. The idea behind Stretch was to put pine in the spotlight and highlight the beautiful, natural properties of the material."

The natural wood is lacquered with a clear, matt UV varnish that provides protection from the rays of the sun. The collection offers options for a wide range of environments: The stool as a side table or nightstand, and the benches as seating in a long hallway or along one side of the dining table.

Stretch Stool 40 cm
H: 45 x W: 40 x L: 40 cm

Stretch Bench 160 cm
H: 45 x W: 40 x L: 160 cm

Stretch Bench 200 cm
H: 45 x W: 40 x L: 200 cm

Connecting People and Spaces

Since Normann Copenhagen's foundation in 1999, our ambition has been to challenge conventional thinking and make the ordinary extraordinary through great design. By combining the craftsmanship, functionality and endurance characterized by our Danish design heritage with modern silhouettes and durable materials, we aim to create original products in a contemporary design that withstand the test of time. We believe in uniting people and spaces across the world and improving the quality of people's lives through the power of great design. Our products combine functionality and design and accommodate the diversity of needs of modern life in residential and professional interiors alike.
